Summary

Aspiring Backend Developer with strong foundations in Java, Python, and SQL. Experienced in building backend logic, REST APIs, and integrating frontend interfaces with backend services. Passionate about developing scalable and efficient backend systems.

Education

Seshadri Rao Gudlavalleru Engineering College 2022 – 2026
B.Tech in Computer Science Engineering (AI & Data Science), Andhra Pradesh, India

Technical Skills

- **Programming:** Java, Python
- **Backend:** REST APIs, OOP
- **Databases:** SQL
- **Frontend:** HTML, CSS, React (Basics)

Experience

CipherByte Technologies 2025
Python Intern (Remote)

- Developed backend logic and data processing workflows for structured datasets
- Performed ETL operations including data extraction, transformation, and loading
- Optimized processing tasks, improving efficiency by 25%
- Ensured data quality through validation and structured data handling

Vinti Web Solutions 2026 – Present
Junior Frontend Developer

- Developed ERP dashboard interfaces and integrated frontend with backend APIs
- Implemented real-time data fetching and dynamic UI components using React
- Collaborated with backend services to display structured business data
- Improved user experience through responsive design and clean UI layouts

Projects

Bank Grievance & Feedback Management System

- Developed a backend system using Java to manage customer complaints and feedback
- Designed RESTful APIs for complaint submission, tracking, and resolution
- Integrated SQL database for efficient data storage and retrieval
- Improved system performance through optimized backend logic
- **Tech Stack:** Java, REST APIs, SQL

Ecommerce Shipping System

- Built backend logic for order processing and inventory management using Java
- Designed modules for shipment tracking and order lifecycle management
- Applied OOP principles to improve system scalability and maintainability
- **Tech Stack:** Java, OOP, Data Structures

Certifications

- Python Programming – Infosys Springboard
- Fundamentals of Java – Great Learning
- Fundamentals of Artificial Intelligence – IBM SkillBuild
