Summary

Final-year B.Tech student specializing in Artificial Intelligence & Data Science with strong hands-on experience in Java, Spring Boot, and React. Skilled in developing scalable backend systems. Seeking a Software Engineering Internship to apply and expand real-world development skills.

Skills

- **Programming Languages:** Java, Python
- **Backend Development:** Spring Boot
- **Frontend:** HTML, Tailwind CSS, React Js
- **Tools:** Git, GitHub, Maven
- **Databases:** SQL

Education

Seshadri Rao Gudlavalleru Engineering College
B.Tech in Artificial Intelligence & Data Science

Oct 2022 – May 2026

Experience

Infosys Springboard – Java Intern

Feb 2026 – Apr 2026

- Developed a Bank Grievance & Feedback Management System using Java and Spring Boot, improving complaint tracking efficiency by 30%.
- Designed and implemented RESTful APIs for complaint submission and status tracking.
- Applied OOP principles, Java Collections, and exception handling to build scalable backend logic.

Vinti Web Solutions – Junior Frontend Developer

Feb 2026 – Present

- Developed a web-based ERP dashboard using React and modern frontend technologies.
- Designed responsive UI components for inventory, invoices, and analytics modules.
- Integrated frontend with backend APIs to display real-time business data.

Projects

Bank Grievance & Feedback Management System

- Built using Java and Spring Boot with REST APIs for complaint management.
- Implemented backend logic using OOP, collections, and exception handling.
- Designed scalable API structure and improved system performance.

E-commerce Shipping System

- Developed a backend system using Java and Maven to manage product and shipping operations.
- Applied OOP concepts and collections for efficient data handling.
- Reduced code redundancy and improved maintainability through modular design.

Certifications

- Fundamentals of Artificial Intelligence – IBM SkillBuild
- Python Programming – Infosys Springboard
- Fundamentals of Java – Great Learning
